Summary

Junior MEAN Stack Developer with a strong foundation in full-stack web development and a background in Electronics and Communication Engineering. Trained at the NTI MEAN Stack program, gaining hands-on experience building scalable applications using Angular, Node.js, Express.js, and MongoDB. Skilled in problem-solving, API development, and modern frontend practices. Passionate about creating efficient, user-focused digital solutions and continuously expanding my technical expertise within collaborative, innovative teams.

Education

MEAN Stack Web Development (Train-to-Hire Program)

Jul 2025 - Nov 2025

- National Telecommunication Institute (NTI).

Bachelor of Engineering, Electronics & Communication Engineering

2019 - 2025

- Tanta University, Egypt.

Work Experience

Project Acceptance Engineer / Project Manager, You Can Academy, Egypt.

Aug 2025 - Present

- Collaborate with programmers and designers to develop an online courses application.
- Provide technical and design guidance to ensure UI/UX quality and proper implementation of project requirements.
- Review and evaluate monthly progress, verifying completed tasks and ensuring alignment with project standards.
- Prepare performance and delivery reports, determining payment amounts for team members based on achieved milestones.
- Assist with design tasks (Figma) and contribute to coding when additional support is needed.
- Coordinate between departments to maintain project timelines and ensure smooth communication.

Freelancer, Remote.

2019 - Present

- Create professional reports, presentations, and documentation for clients across multiple industries.
- Design graphics, layouts, and digital assets using Figma and Photoshop.
- Build MEAN Stack web applications based on client requests, including frontend UI and backend API development.
- Develop custom Excel sheets and data entry solutions to support business operations.
- Deliver translation and content creation work according to client needs.
- Manage multiple freelance projects simultaneously, ensuring on-time delivery and client satisfaction.

Selected Projects

Chatting App.

2025

- Built a real-time chat application with live message updates.
- Designed REST APIs and WebSocket communication for instant messaging.
- Tech:** Angular, Node.js, MongoDB, Postman
- Repo:** github.com/Amany-Elsayed/Chats-App

Exams Grading AI Model

2025

- Developed an AI model that processes exam answers and automatically grades multiple students' submissions.
- Implemented NLP techniques, text comparison, and scoring logic.
- **Tech:** Python
- **Repo:** github.com/Amany-Elsayed/AI-Grading-Model

“5000 Words” Game Concept

2025

- Created a full mobile game concept with levels, challenges, and visual UI flows.
- Developed design assets and gameplay logic prototypes.
- **Tech:** Photoshop, Figma
- **Figma:** <https://www.figma.com/design/NpYu2oHu4Hamvv0PNYh6AL/5000-Words-Concept?node-id=0-1&t=5k1BiYDYvJ7tcCXr-1>

Courses / Certificates

Information Technology Industry Development Agency (ITIDA).

Oct 2025 – Dec 2025

- ITIDA + Gigs Freelancing Program.

Udemy Courses.

Sep 2025 – Nov 2025

- Python Web Development Masterclass.
- C++ Programming Step by Step.

Benha Electronics Company.

Jul 2024 – Aug 2024

- Training in Electronic Communication and Embedded Systems.

American Academy for Engineering Training.

2023 - 2024

- PHP Full Stack Diploma.

South Delta Electricity Distribution Company

Jul 2023 – Aug 2023

- Training in Electric Communication.

Skills

A) Technical Skills:

- **Frontend:** Angular, TypeScript, JavaScript, HTML, CSS
- **Backend:** Node.js, Express.js
- **Programming:** Python, C++
- **Databases:** MongoDB, Mongoose, MongoDB Compass, Studio 3T
- **Tools & Platforms:** VS Code, Postman, Git/GitHub, Photoshop, Figma, Microsoft Office
- **Other Technical Skills:** Computer troubleshooting (hardware & software), API testing, debugging

B) Languages:

- **Arabic:** Native
- **English:** Very Good (B2/C1)

C) Personal & Soft Skills:

- Teamwork & Collaboration
- Problem-Solving & Self-Learning
- Time Management & Task Ownership
- Organization & Attention to Detail
- Presentation & Communication Skills
- Adaptability and Ability to Work Under Pressure
